ABOUT NOVARAK

NOVARAK COATINGS is founded on the basis of 20 years technical knowledge and expertise in coating and applications both in middle east and in India. Started with highly qualified technical and management team to provide world class coating experience in the Kingdom

NOVARAK team is fully equipped for serving the Oil & Gas, Power, Infrastructure, Marine, and Renewable Energy, Industrial floors, Residential and commercial sectors. Established to support the Kingdom's Vision 2030 industrial and energy diversification goals, NOVARAK partners with national and international coating brands to support clients to deliver projects that are safe, efficient, and built to last.

Headquartered in Jeddah City, Saudi Arabia, NOVARAK operates with a team of professionals and maintains core values of Integrity, professionalism, technical excellence and protecting local values.

VISION

"To be the most trusted coating company in Middle East, delivering superior quality and innovative solutions through cutting-edge technology – completing every project with precision, professionalism, and a commitment to excellence that sets the standard for the industry"

MISSION

To provide technically superior, safety-compliant, and environmentally responsible coating application services that extend asset life, ensure regulatory compliance, and create lasting value for industrial clients.

CORE VALUES

- Safety First — an uncompromising commitment to HSE across every site and project.
- Integrity — transparent, ethical dealings with clients, partners, and regulators.
- Excellence — engineering quality and reliability in every deliverable.
- Local Value Creation — investment in Saudi talent, Saudization, and In-Kingdom Total Value Add (iktva).
- Innovation — adopting proven technology to improve efficiency and sustainability.
